

A-2020-13540

**"Number of individual travelers who have international student status in Canada, crossing into Canada per day (any form of transport) between August 14th, 2019 to October 1st 2019 from the following land ports of entry; 1. Ambassador Bridge & 2. Windsor-Detroit Tunnel in Windsor Ontario. Need nationality, gender, and race data (if available) of those who only go through the primarily line. Also looking for number of international students pulled into secondary inspection per day between times defined above as well as race, nationality, gender data, and as many other identifiers as possible. Seeking data related to any possible customs and/or immigration infractions (small or big) international students are caught doing between these times, as well as any enforcement action taken against each individual caught committing an infraction (such as seizures, fines, arrests, etc.)."**

We are only able to partially answer this request. Examinations conducted at immigration secondary and which results in an inadmissibility allegation pursuant to one of the inadmissibility provisions under the *Immigration and Refugee Protection Act* (section 34 – section 42) collect only certain data elements in reportable fields.

As such, we are unable to extract reports whether the Foreign National subject to IRPA enforcement were seeking entry as international students or as other types of foreign nationals (e.g. visitors or foreign workers). The following is information relating to immigration enforcement (IRPA inadmissibility report) outcomes for foreign nationals (visitors, students, workers) seeking entry at the Ambassador Bridge and Windsor International Tunnel between August 14, 2019 and October 01, 2019:

Ambassador Bridge
